

Rockwell Part

Rockwell Parts - The business of AxleTech International is a large supplier of specialty vehicle drive-train systems and parts together with off highway vehicles. They take great pride in being a preferred supplier to their customer base. AxleTech strives to exceed and meet their clients' expectations for delivery, quality, service and technology. They believe in working in an atmosphere which supports the utmost integrity with empowered teamwork, along with a unrelenting pursuit of results.

AxleTech International falls under the umbrella of General Dynamics. They put great emphasis on being an environmentally conscious business and offering a safe environment for their workers to work in. What's more, they have implemented several programs in the organization to help convey these values in their business policy. AxleTech gladly shares this policy and welcomes interested parties to provide them with any comments or questions, because they are happy to share and promote this policy with a greater understanding of their efforts. They are very committed to preserving and improving the surroundings. AxleTech has an EHS program which not only protects the environment but which even actively protects their staff and neighbors as well.

AxleTech prides themselves as being a ground-breaking drive-train solutions provider. They specialize in designing and manufacturing planetary axles meant for both commercial and military applications. These applications vary from construction equipment to airport ground support. AxleTech particularly designs axles to meet certain application demands. They have more than 1000 various axle specs in their existing offering. With more than one hundred years of history and skill, AxleTech proudly supplies the most complete solution for any of your axle requirements. The company is well known in numerous commercial and military applications. They provide complete axle assemblies utilized for aftermarket replacement requirements, together with servicing axle needs for OE production. Their high mobility ISAS have further details that could be seen in the "ISAS" product selection.
